Statement of Leaders of Catholic Sisters of Michigan

November 3, 2022, Grand Rapids, Michigan – *The elected leadership of six congregations of Catholic Sisters in Michigan issued the following statement, addressing the divisiveness of national elections.*

We decry the violent divisiveness that is characterizing our upcoming national elections, threatening the fundamentals of our democratic system of self-governance and the right of individuals to vote their conscience. We call on people of good will throughout our state to honor and respect the human dignity of every person who exercises the right to vote in accordance with his or her own life experience and God-given conscience.
